

NIX THE FEES. THE HASSLE.

ELIMINATE THE COST OF MERCHANT PROCESSING

TEEPOS' Cash Discount Program eliminates merchant processing fees for businesses by replacing the large monthly debit merchants typically incur with the non-cash adjustment collected from customers who choose to pay with credit card.

HOW IT WORKS

1. All goods and services are priced and promoted to include a "Non-Cash Adjustment" marked as Regular Price.
2. A sign is placed at the point-of-sale detailing an "In-Kind Incentive" available for customers who pay with cash.
3. The customer decides their payment method and the provided equipment is setup to do the rest.

Credit Card Payments

The credit card receipt will display a separate line item with the amount of the non-cash adjustment.

Cash Payments

The customer is automatically qualified for the In-Kind Incentive earning a small percentage off of the regular price.

BENEFITS

Customer Benefits

By avoiding merchant processing fees, merchants now have the option to pass the savings to customers who use cash.

Merchant Benefits

It is not uncommon for merchant to save hundreds, or even thousands of dollars a month by eliminating merchant processing fees.
